Brent A. Sudeck, CISSP, CCSP

Lake Worth, FL • 33463 • 561-222-0382 • brent@brentsudeck.com • Linkedin Profile

Information Technology Executive specializing in architecting secure technology solutions tailored to specific business objectives for over 25 years. Designed and scaled IT infrastructure to support exponential client growth, including achieving a 50x growth increase in capacity within a 3-year timeframe for a financial services client.

CORE COMPETENCIES:

➢ Technical Leadership (IT Security)
➢ Public & Private Cloud Architecture
➢ IT Infrastructure Design & Deployment
➢ Global Voice & Data Design

PROFESSIONAL EXPERIENCES:

System Design, Inc.   **Chief Technology Officer**   2011 - Present

Oversees client technology design and implementation for this innovative systems integrator and IT management company. Managed a wide array of national and international projects for financial services, logistics, and healthcare clients, including:

● Led project to evaluate, procure, and deployed SASE/Zero Trust solution on a nationwide scale to over 500 users of a growing financial services firm
● Led successful deployment of passwordless authentication solution for 500+ employee financial services firm
● Led systems re-design and upgrade for 11,000 pallet logistics operations facility, in Germany
● Integrated vehicle tracking and management systems increased the efficiency of logistics operations by 32% for a German logistics firm
● Managed integration of logistics automation systems with several high-profile international business partners (Haribo GmbH, Kölln GmbH)
● Architected over 100 client networks utilizing virtualization and public/private cloud infrastructure resulting in a reduction of capital expenditure costs and increased system uptime while increasing workforce mobility for all projects
● Architected and implemented dozens of converged and hyper-converged infrastructure deployments in datacenter environments
● Led the technical growth of a client from 10 to 500+ employees, resulting in 93% revenue growth over 4 years
● Architected, secured, deployed, and managed hybrid Azure and AWS infrastructure for rapidly growing client

Dynamic Network Support, LLC.   **Operations Manager**   2005-2011

Directed company and staff that provided managed services to over 200 clients supporting thousands of workstations and servers. Provided IT consulting and real-time 24x7 mission-critical support to businesses throughout the country. Managed hundreds of diverse infrastructure projects with varying budgets, including:

- Complete infrastructure rebuild and virtualization implementation of over 50 clients with minimal employee impact resulting in faster, more fault-tolerant, and easier to manage networks
- Designed, deployed, and managed cloud-based Software as a Service (SaaS) and Infrastructure as a Service (IaaS) solutions for dozens of clients
- Consulted on and performed Microsoft Exchange deployments and migrations, often with hundreds of mailboxes and zero downtime
- Designed and rolled-out Active Directory networks for companies ranging from 10-500 employees
- Upgraded and redesigned incorrectly implemented networks with minimal negative impact and a high degree of customer satisfaction
- Partnered with in-house IT departments to provide knowledge, expertise, and troubleshooting on software and technology that was beyond internal capabilities, such as VMware, Cisco, and Exchange

SportsLine.com, Inc., (Formerly NASDAQ:SPLN) **Senior MIS Administrator**   1999-2003

- LAN Administrator for a 500+ workstation, multiple domains, and nationwide network
- Responsible for the internal network, including design, implementation, security, backup, and fault tolerance, in a mission-critical 24/7 environment
- Project managed the relocation of 300+ employees to new office locations
- Key participant in infrastructure design of the new SportsLine Corporate Headquarters

CERTIFICATIONS & ACHIEVEMENTS:

- ➤ Certified Information Systems Security Professional (CISSP) ID# 966627
- ➤ Certified Cloud Security Professional (CCSP) ID# 966627
- ➤ AWS Certified Solutions Architect – Associate ID# 7Z97TBL1QJEQQV3L
- ➤ Cisco Certified Network Associate (CCNA)
- ➤ Microsoft Certified Systems Administrator + Exchange (MCSA+E)
- ➤ Microsoft Certified Professional
- ➤ Private Pilot

RECOGNITIONS:

- ➤ Cover of **BizTech Magazine** – Winter 2017 "Riding the Wave – Hyperconverged infrastructure gains traction with SMBs with its quicker-than-expected ROI"
- ➤ Webinar panel participant for **Inc. Magazine "**How to modernize your data infrastructure and transform your business"
